Learner Safety

KCBT has a number of processes to provide a safe and secure learning environment to all learners. These include hours of operation and access to staff to assist learners where required.

When travelling to and from college premises it is important to ensure your own safety at all times.

Learner safety tips:

- Don't openly carry valuables, including iPods, mobile phones, laptops, etc.
- Find suitable and safe routes to petrol stations, shops and your local police station. Try to find routes that are well lit and busy
- Avoid confrontation - it is better and safer to walk away if you are being provoked
- If you feel you are being followed, cross the street, and if you are still worried, move as quickly as possible to a public area (such as a restaurant) and then telephone for help
- At night, walk in pairs in well-lit areas and on busier streets, not dark alleyways and side-streets
- Have your keys ready well before you reach the door of your car or house
- If you are going away, tell someone you trust where you are going and when you will be back
- If travelling by bus or tram at night, try not to wait alone at the bus or tram stops
- Arrange for others to meet you at your home stop if you are returning late and have a long way to walk home
- If you are travelling by train at night, do not sit in an empty carriage. Try to sit near groups of people in a well-lit area
- Check the time of the last train, bus or tram home to avoid being stranded at night
- Avoid walking alone after getting off public transport at night. If you can, walk close to a group of people or arrange for someone to meet you.

Sun and Water Safety

The Australian sun can be very hot and may be stronger than what you are used to in your home country.

There are some steps you can take to protect your skin:

- Wear sunscreen protection (such as SPF50+ water resistant sun cream) and apply before you go outside.
- Apply sunscreen at least 25-30 minutes before and after swimming
- Wear a hat and UV protective sunglasses.
- Avoid spending long periods of time in the sun between 10am and 3pm, as this is when the sun is strongest.
- Make sure you follow these tips even when it isn't sunny – you can still get burnt on cloudy or overcast days.

Australia has many beautiful beaches and waterways, but it is important to take care when swimming.

Here are some tips for staying safe in the water:

- Never dive into a body of water if you are not sure how deep it is.
- Only swim at patrolled beaches (a beach where there are lifeguards on duty - look for signs) and always swim between the red and yellow flags where lifeguards can see you.
- Many Australian beaches have 'rips'. These are strong underwater currents that can be hard to spot but which can draw you away from the shore quickly. If you swim between the flags you should not have any problem with rips. If you do find yourself in a rip, try not to panic or swim against it. Stay with your surfboard or other floating device if you have one.

Flags:

- RED & YELLOW - Area operated by a lifesaving service
- RED - Beach is closed - Do not enter the water
- YELLOW - Potential hazards in the water
- BLACK & WHITE - Board riding and surfing is not permitted

- available to all learners
- confidential
- FREE of cost
- responded within 10 working days of the lodgement

KCBT will monitor, record and assess learner course progress for each unit of the course for which learner has enrolled to help achieve satisfactory course progress and will intervene if learner is at risk of failing to achieve satisfactory course progress.

KCBT has adopted DIBP (DoHA) Course progress policy to monitor the progress of learners enrolled in courses offered by KCBT (please refer to the course progress policy on <http://kcbt.edu.au/learners/policies/>).

Intervention Strategy

KCBT proactively monitors learner progress and applies intervention strategies as soon as any learner is identified as at risk of not making satisfactory course progress. The intervention strategy is activated where the learner has failed or has been deemed not yet competent in 50 per cent or more of the units attempted in any study period. Trainers/Assessors are vigilant and identify learners who are at risk of not making satisfactory course progress and recommend additional support for such learners.

Monitoring Course Enrolment Load

When a learner is identified of not meeting the satisfactory course progress, and which may affect the learners expected duration of study, KCBT will record this variation and reasons on the learner file and must correctly report such change via PRISMS.

The following reasons may change the learners study load and may affect the learners expected duration of study (completion within expected duration):

- Necessary units are not available or offered in a particular term.
- Timetable clash.
- RPL/Credit Transfer.
- Failed prerequisites.
- Due to implementation of Intervention Strategy
- An uncommon or unusual event that is out of your control (compassionate or compelling circumstances or Extenuating circumstances).

Learner must provide evidence of compassionate or compelling circumstances or extenuating circumstances.

Credit Transfer (Recognition of Qualifications issued by other RTOs)

KCBT will provide credit for studies completed at another RTO or at any other authorised issuing organisation. In the case of any non-equivalent units of competency, a complete analysis will be undertaken to determine the equivalence of the study completed with the relevant units or modules before granting any credit. (Please refer to KCBT's RPL policy and Credit Transfer policy for more information <http://kcbt.edu.au/learners/policies/>).

Credit transfer (Internal Credit transfer) also applies to units of competency completed at KCBT as a part of a different course. Internal credit transfer may lead to reduction of course fee and course duration.

Unique Learner Identifier

The Unique Learner Identifier (USI) scheme, enabled by the Learner Identifiers Act 2014, allows learners to access a single online record of their VET achievements. The scheme also allows for reliable confirmation of these achievements by employers and other RTOs. The online system provides each learner with a USI.

Keystone College of Business and Technology will only issue a qualification or statement of attainment to a learner after the learner has provided a verified USI or KCBT applies for a USI on behalf of the learner. To avoid any delays in issuing certification documentation KCBT will ensure that learner's USIs are applied for or verified USI at the time of enrolment.

Recognition of Prior Learning (RPL)

RPL may be granted towards a KCBT course for assessable learning outcomes achieved through formal and /or informal learning, work related experience and/or life experience, to an extent that is consistent with maximising learner progression while maintaining established academic standards.

Deferment, suspension or cancellation of enrolment can have an effect on a learner's visa as a result of changes to enrolment status. Please contact the Department of Home Affairs (DOHA) to seek advice on whether this will affect you.

Learners who have not yet commenced their studies will also need to contact DOHA in case there is any effect on their learner visa as a result of deferring your commencement date.

Learner Feedback

We value feedback from our learner and use it to continuously improve our practices. Your feedback helps us to improve the quality of training as well as the overall student experience. As such, we provide multiple avenues for both structured and unstructured feedback. We also welcome you to provide feedback on our services at any time.

There are three (3) ways for you to provide feedback to us. They are:

Monthly Feedback

Every month, KCBT issues an email survey to all the students currently studying with us. This survey focuses on gathering feedback on your experience over the recently passed month, including your most recently completed or studied unit of competency. The feedback is monitored each month and survey results are sent to both the department heads and the Executive Management Team to review and identify areas for continuous improvement.

End of Course Feedback

KCBT issues a survey to all students that have collected their qualification in the last month. This survey focuses on your overall experience at KCBT, including your entire course of study. The feedback is monitored each month and survey results are sent to both the Department Heads and the Executive Management Team to review and identify areas of continuous improvement.

Sending Emails

All students are encouraged to send us feedback at any time using the designated email account student.services@kcbt.edu.au. This email account is monitored daily by the KCBT student support team. All feedback is reviewed by the Executive Management Team and where assistance or further clarification, a meeting is arranged between you and a member of the Student Services Team, to ensure that you have your concerns addressed.

There are a number of items that you must declare upon your arrival in Australia including:

- Firearms, weapons and ammunition.
- Currency amounts of A\$10,000 (or foreign equivalent).
- Medicines

You should also be aware that as a routine part of their work, Customs and Border Protection officers may question travelers at any time, and trained dogs may also be used to detect illegal drugs or prohibited imports. If you are in doubt, declare your goods on the Incoming Passenger Card which you will receive on the plane or ask a Customs and Border Protection officer for advice. Declaring goods does not necessarily mean your baggage will be examined.

Students have received on the spot fines for not declaring items. People who deliberately break Australian Customs and Border Protection regulations could be fined or taken to court. You can also find information at the Department of Home Affairs website.

For further information visit the Australian Customs website: <https://www.abf.gov.au/entering-andleaving-australia/can-you-bring-it-in/overview>.

Department of Agriculture and Water Resources

The Department of Agriculture and Water Resources is responsible for protecting Australia's unique environment and agricultural industries from unwanted pests and diseases by regulating imported products including certain food, plant material and animal items.

It is important to check Australia's biosecurity requirements when packing your personal items. Do not bring fresh fruit and vegetables, meat, poultry, pork, eggs, dairy products, live plants or seeds. Some products are not allowed into the country while other products need to meet strict import conditions.

You can search the department's Biosecurity Import Conditions system (BICON) to find detailed import conditions under which various commodities may be brought into Australia. If you are unsure of an item, declare it on the Incoming Passenger Card which you will receive on the plane, or don't bring it at all. Failure to declare items can result in an on-the-spot fine or potential prosecution.

You can find more information on what you can bring or send to Australia on the Department of Agriculture and Water Resources website.

Bringing School Aged Kids:

Most student visas allow you to bring your family members to Australia as your dependents (check your individual circumstances Department of Home Affairs website). Family members include your spouse, and you and your spouse's dependent children. Before bringing your spouse or children to Australia, you will have to prove that you can support them financially.

The cost of supporting a family in Australia is high. You may have to consider and discuss many issues with your family. Issues to Consider Rather than bringing your family together with you to Australia, some students may find it useful to arrive first, settle into studies, find appropriate accommodation, adjust to living in Australia and then arrange for their family to join them.

Before making a decision to bring your family to Australia it is important to consider the following issues:

- The cost of airfares for your family to and from Australia.
- Possible higher rent for a larger home.
- Limited employment opportunities for your spouse.
- Extra costs for food, clothing and other necessities.
- The effect on you and your studies if your family is not happy in Australia.
- Whether your children will adjust to school in Australia.
- Waiting lists for childcare centres; and
- Whether to come alone to Australia first and arrange things for your family or to all come at the same time

If you are bringing school aged children with you when you study in Australia, you will need to arrange for them to attend school. The requirements for enrolling students and school fees vary across Australian states and territories, and across schools.

Your children need to be enrolled as full fee-paying overseas students for the duration of your visa.

Childcare

Finding suitable childcare in Australia requires patience and planning. Waiting lists for places in most childcare centres are long. Many schools offer before- and after-school care programs (usually 7:30am-8:45am and 3:30pm-6:00pm). Children who need these programs must be registered with the school.

The Australian government provides financial assistance to help parents with childcare costs. International students who receive direct financial assistance from the government, through a government scholarship, may be eligible to receive the childcare benefit.

To find out if you are eligible for childcare financial assistance, read more at the www.Australia.gov.au website.

ENROLMENT CONDITIONS

Under State Government regulations, dependents of overseas students have a lower enrolment priority in a school than Australian citizens, permanent residents and some temporary residents.

There is a high demand for places in public schools in Australia and it may not be possible to place dependents in schools closest to the student's home address or near the tertiary institution.

The enrolment of overseas fee-paying students at a school approved to enroll overseas fee-paying students is at the discretion of the principal who must ensure that the school has an appropriate education program and available classroom accommodation.

EXEMPTIONS FOR CERTAIN SCHOLARSHIP HOLDERS

Dependents of approved scholarship holders are eligible for the same enrolment entitlement as local students for the duration of their parents' study period only if they are the recipient of one of the following scholarships:

AusAID Scholarship.

Full scholarship awarded by the Commonwealth of Australia to a person who, because of the scholarship is permitted under a law of the Commonwealth to reside in Australia; or

Students will be required to pay local contributions, charges and fees payable by local students enrolled at the school.

Scholarship holders must apply through their tertiary institution for a letter of introduction to be taken to the school that confirms the local enrolment entitlement. The enrolment entitlement is limited to the duration of the scholarship.

FEES AND CHARGES

Schools

If you would like to bring your children to Australia with you, you must be aware of the following schooling issues:

1. Fees will be charged and can vary from school to school depending on if it is a State or Private School and the location.
2. It is an immigration policy that school-age dependents of international students undertake formal schooling while they are in Australia.
3. You will need to provisionally enroll your child in a school before you leave your home country and you will normally have to pay the school fees one semester in advance. The school will issue an electronic Confirmation of Enrolment Form (eCoE) stating the program and its duration, so that you can obtain the appropriate visa for your child.
4. The Diplomatic Mission in your country can tell you which State schools are registered to take international students. Fees are usually payable by international students at all State schools.
5. You will be responsible for the school fees and other costs including school uniforms, books, excursions and stationery.
6. When choosing the most appropriate school for your child, it is best to ask questions about the school's curriculum, size, extra-curricular activities and the size of individual classes.

7. You should also take into consideration the distance from the school to your education institution, the suburb in which you intend to live and the method of transport you plan to use.

For further information, please contact:

There are two types of schools in Australia – State schools and independent schools.

All tuition fees are reviewed annually. If new fees are increased, you will be required to pay the new fees as they are introduced.

Overseas Student Health Cover:

Organising OSHC

Keystone College of Business and Technology can apply for OSHC as part of learner application or enrolment. Alternatively, learner may elect to organise their overseas learner health cover.

Only Australian health funds that have signed an agreement with the Australian Government can provide OSHC.

Learner may change their health fund provider at any time but will need to abide by the conditions of change of the health fund provider they are leaving.

Further information on OSHC can be found at:

<http://www.health.gov.au/internet/main/publishing.nsf/content/overseas+learner+health+cover+faq-1>

OSHC coverage

OSHC provides a safety net for international learners. It includes cover for visits to the doctor, some hospital treatment, ambulance cover and limited pharmaceuticals (medicines).

OSHC insurers can provide a range of different OSHC products. These may range from a basic product which covers only the compulsory minimum services to comprehensive products which cover, in addition to the compulsory minimum services, extra services as specified under the particular policy.

Learners are strongly advised to compare policies from different OSHC insurers before selecting their insurer.

Before purchasing the policy, make sure you check with the OSHC insurer about the level of cover you have chosen to ensure that it meets your needs.

OSHC may cover, depending on the type of OSHC product purchased, general treatment (ancillary or extras cover, for example dental, optical or physiotherapy).
